

AMENDMENTS TO THE SPECIFICATION

On page 3 of the Specification, please replace paragraph [0006] with the following paragraph:

[0006] In some implementations, articles of manufacture are provided as computer program products. One implementation of a computer program product provides a computer program storage medium readable by a computer system and encoding a computer program for version enforcement. Another implementation of a computer program product may be provided by encoding the computer program to establish a secure network connection.
